

Living history

On 19th May, 1933, six enthusiasts met in Sydney and formed the Great Railway Circle of Australia. In May, 1936 the name was changed to Australian Railway and Locomotive Historical Society and further changed to Australian Railway Historical Society in 1951. Membership grew steadily and branches were established in the other states. It's aims and objectives are to enable people interested in the history and operations of railways and tramways to associate with others with similar interests, for their mutual benefit and enjoyment.
